

Coaches, Parents and Players,

In business as in life, change is inevitable. Major changes are ahead for [Fastpitch Nation](#) and I wanted to inform everyone about what is coming.

***The Old Fastpitch Nation Indoor has Closed***

Fastpitch Nation's long-time indoor facility in Bloomfield, CT, opened in 2008, has closed. In early 2022 as the COVID pandemic waned, we made the difficult decision to sell our 24,000 sq/ft building. That deal finally closed just yesterday and now I am free to share with you all of our plans.

Over the prior two years, our large indoor facility had been open very little due to COVID, putting a massive economic strain on the company that was already fighting for survival during the pandemic. Fastpitch Nation eventually made it through COVID and our outdoor tournament business at Fastpitch Nation Park resumed to normal and even grew, thanks to you. At the same time this was happening, a group started a project to build the new 95,000 sq/ft [Day Hill Dome](#) next to our [Fastpitch Nation Park](#) in Windsor, CT. After discussions with them, I agreed to move many of our indoor programs such as tournaments and leagues into the new dome for the 2022-23 winter season, paving the way for us to sell our indoor facility. We were excited for this new opportunity for our teams to play in the new state-of-the-art dome.

Unfortunately, the new dome project has been impacted by the world-wide supply chain crisis, like so many other construction projects. This means the new dome will not be open in time for this winter season and, unfortunately, we will not have our traditional winter leagues and tournaments for the 2022-23 winter season but they will resume for 2023-24 winter season.

***The New Fastpitch Nation Indoor will open in December 2022.***

We also have other new exciting news to share as well. Since we plan to move our indoor leagues and tournaments to the new dome, when completed, we have decided to open a new, smaller Fastpitch Nation Indoor facility. This new 5,000 sq/ft facility will be focused primarily on our fastpitch instruction programs and we will also offer limited batting cage and pitching lane rentals. The new instruction facility will incorporate the latest high-tech instructional aids and will be conveniently located, less than 5 minutes from Fastpitch Nation Park. As the plans and timeline firm up

over the next several weeks I will send out a more detailed announcement about the new indoor facility. Our hope is to open no later than Dec. 1, 2022.

Lastly, I want to thank all of you, our very loyal customers. The last few years have been filled with some difficulties but many more successes. We have many more plans to improve and grow Fastpitch Nation over the coming months and years and we are excited, as ever, to share it all with you.

Sincerely yours in softball,

David Rocha
